Street Style: Transitional Spring Dressing

BY BEK ANDERSEN

Winter is over — and the 50-degree weather, vibrant pops of color, and *sudden need to sneeze*, give us a peek of the sunny season ahead. While it's not quite warm enough to bare *all* of our limbs just yet, we've entered the grace period called "transitional dressing," when the first batch of spring pieces that have been hiding in closets finally

appear alongside some lingering cold-weather favorites. Anything's fair game: fur coats, thin jackets, cuffed jeans, tights, sandals, and sneaker wedges, even when they're all worn together. So we sent the Cut's photographer, Bek Andersen, to capture stylish mix-and-match looks from the week. Click through the slideshow to get some inspiration for weekend outfits — you'll probably be itching for a nice new pair of sunglasses by time you're done.

POST COMMENT

BAKEDBEANS says...

Why do all street style people have jobs that sound as if they don't get a reliable paycheck? I mean it's new york...how are they still alive?
